  - **Upon entry, the swimmer should be able to go from a vertical position (i.e. standing up) to a horizontal position (i.e. lying down).**

## **FREQUENTLY ASKED QUESTIONS:**

*Q: What if my child doesn't pass either Swim Test?*

A: Swimmers that do not pass either swim test must:

- Have an adult with-in's arm's reach
- OR: be actively engaged in a swim lesson
- OR: be in the shallow portion of the pool wearing a USCG approved Life-Jacket/ PFD

*Q: Can my child re-take the swim test?*

A: Each swimmer is allowed one opportunity to pass the Swim Test per visit.

*Q: Why does my child have to take the Swim Test each time we visit the pool?*

A: Many variables including skill, overall health, and fatigue change from visit to visit. Taking a swim test upon each visit to the pool allows for the Lifeguard to assess the child's ability on that visit to keep your child safe.

**Disclaimer: The lifeguard conducting the swim test will enforce this policy as she/he feels necessary to provide the safest environment for our patrons. Lifeguards may, at any time, ask for a demonstration of swimming ability if they feel there is a question of the child's safety.**
