During the summer of 2022 the YMCA of Central Virginia partnered with Lynchburg City Schools to provide Power Scholars Academy, a five-week summer learning program that combines academic instruction with fun, hands-on STEM and enrichment activities. This YMCA of Central Virginia program, which just completed its eighth year, offers a holistic learning experience blending academics with enrichment, and social-emotional skill development, which is key to the success of this program. The program helps students gain new academic skills and prepare to return to school in the fall, ready to excel. Scholarships are provided to anyone who cannot afford a YMCA service or program.

## YMCA COMMUNITY IMPACT

The YMCA provides services for anyone who desires them, regardless of ability to pay the standard membership or program fees. The availability of scholarships allows children and their families to have the opportunity to participate in youth sports, swim lessons, fitness classes, open swim, open gym, special events, summer camp and countless other programs and activities. Through the generosity of YMCA members, local businesses and individuals, it is possible to offer these scholarships.
